P.O. BOX 99  
HANKSVILLE, UTAH 84734

DEC 06 1993

DIVISION OF  
OIL, GAS & MINING

IN REPLY  
REFER TO:

3809  
UTU-71450  
(UT057)

December 3, 1993

Mr. Holland Shepherd  
Department of Natural Resources  
Division of Oil, Gas and Mining  
355 West Temple  
3 Triad Center  
Salt Lake City, Utah 84180-1203

Dear Mr. Shepherd:

Enclosed please find a copy of mining notice serial number UTU-71450, which was received in this office on December 1, 1993. This notice is for exploratory mining with a front end loader. The operator will be free to begin activity on December 17, 1993, under Bureau of Land Management Regulations. Total disturbance will be about 2.5 acres if the project proves to be viable.

If you have any concerns or comments about this notice, please forward them to this office.

Sincerely,

*William Bookin*

Acting Area Manager

Enclosure:  
Mining Notice

(For BLM Use)

Serial Number 474-71450

Date Received 12-1-93

NOTICE

OR

PLAN OF OPERATIONS

(For Operations Proposed Under the 43 CFR 3809 Regulations)

**Instructions to Claimant/Operator:** Circle "Notice" above if operations within the project area propose to disturb a total of five (5) acres or less during the calendar year. Circle "Plan of Operations" if the proposed disturbance will exceed five (5) acres during the calendar year or if your operations are proposed in an area listed in 3809.1-4(b). Complete the form in as much detail as possible. Use maps or sketches where appropriate (maps or sketches are required for submitted plans of operations and are recommended, but not required, for submitted notices). A review of 43 CFR 3809 Regulations should be conducted prior to completion of this form and submission to the appropriate BLM office.

Claimant Information:

<u>Name</u>	<u>Mailing Address</u>	<u>Telephone</u>
Jack C. Leeds, et al	800 Boone Ave. North Minneapolis, MN 55427	1-800-328-7173

Operator Information: (If different than claimant)

<u>Name</u>	<u>Mailing Address</u>	<u>Telephone</u>
JLW Resources, Inc.	5742 S. Park Place East Salt Lake City, Ut 84121	(801) 278-6708

Claim Information: (If activities are proposed on BLM administered lands where no claims have been located, describe the area by Township, Range, and Section).

<u>Claim Name</u>	<u>BLM Serial #</u>	<u>Claim Type (Lode, Millsite, etc.)</u>
JLW 33 #10		Lode
JLW 33 #14		Lode
JLW 33 #15		Lode

See attached drawings for field locations.

**Proposed Operations:** Describe the entire proposed operation, including all surface disturbing activities (road construction, drilling, trenching, backhoe and bulldozer exploration, mining, waste disposal, etc.). List all mechanized earth moving equipment to be used during the operation and state if any explosives are to be utilized. Describe and furnish a map or sketch, when applicable, showing existing surface disturbances, structures, facilities, etc., and the location and size of areas where surface disturbances are proposed, including existing and/or proposed routes of access. Calculate the total acreage proposed for disturbance (1 AC. = 43,560 sq. ft.).

See attached sheet for description.

Date Operations are Proposed to Commence as Outlined in this Submittal -  
(Month, Day, Year):

January 3, 1994 weather permitting

**Access Routes (Existing and Proposed)**

Existing county roads.

**Existing Disturbance and Structures**

One exploratory dig. No existing structures.

**Proposed Operations**

There will be no road construction. Exploration by rubber tire front end loader with backhoe to load dump trucks for removal.

**Proposed Completion Date**

This is proposed to be an ongoing operation.

**Proposed Reclamation:** Describe the proposed reclamation procedure; and other measures to be taken to prevent unnecessary or undue degradation of the lands, including measures to be taken if a period of non-operation is anticipated.

Respread top soil and seed. Install water bars as needed to prevent erosion and remove sedimentation trench. Disturbed areas to be reclaimed as soon as feasible.

I hereby declare that I, or persons I have authorized to do so, will complete all necessary reclamation of areas disturbed during the course of my operations to the standards described in 43 CFR 3809.1-3(d) and that reasonable measures will be taken to prevent unnecessary or undue degradation of the federal lands during operations.

  
Signature of Claimant or Operator

Dec 1, 1993  
Date

**Notice to Claimants/Operators:**

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 days before commencing operations. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a plan and will notify the claimant/operator of the status of the plan within 30 days of receipt.
2. Approval of a plan of operations does not constitute certification of ownership to any person named as claimant/operator herein, nor does approval constitute recognition of the validity of any mining claims named herein.
3. Information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately by the BLM and will not be available for public inspection.
4. Failure of an operator to file a notice under 3809.1-3 or a plan of operations under 3809.1-4 will subject the operator, at the discretion of the authorized officer, to being served a notice of non-compliance or enjoined from the continuation of such operations by a court order until such time as a plan or notice is filed with the authorized officer.

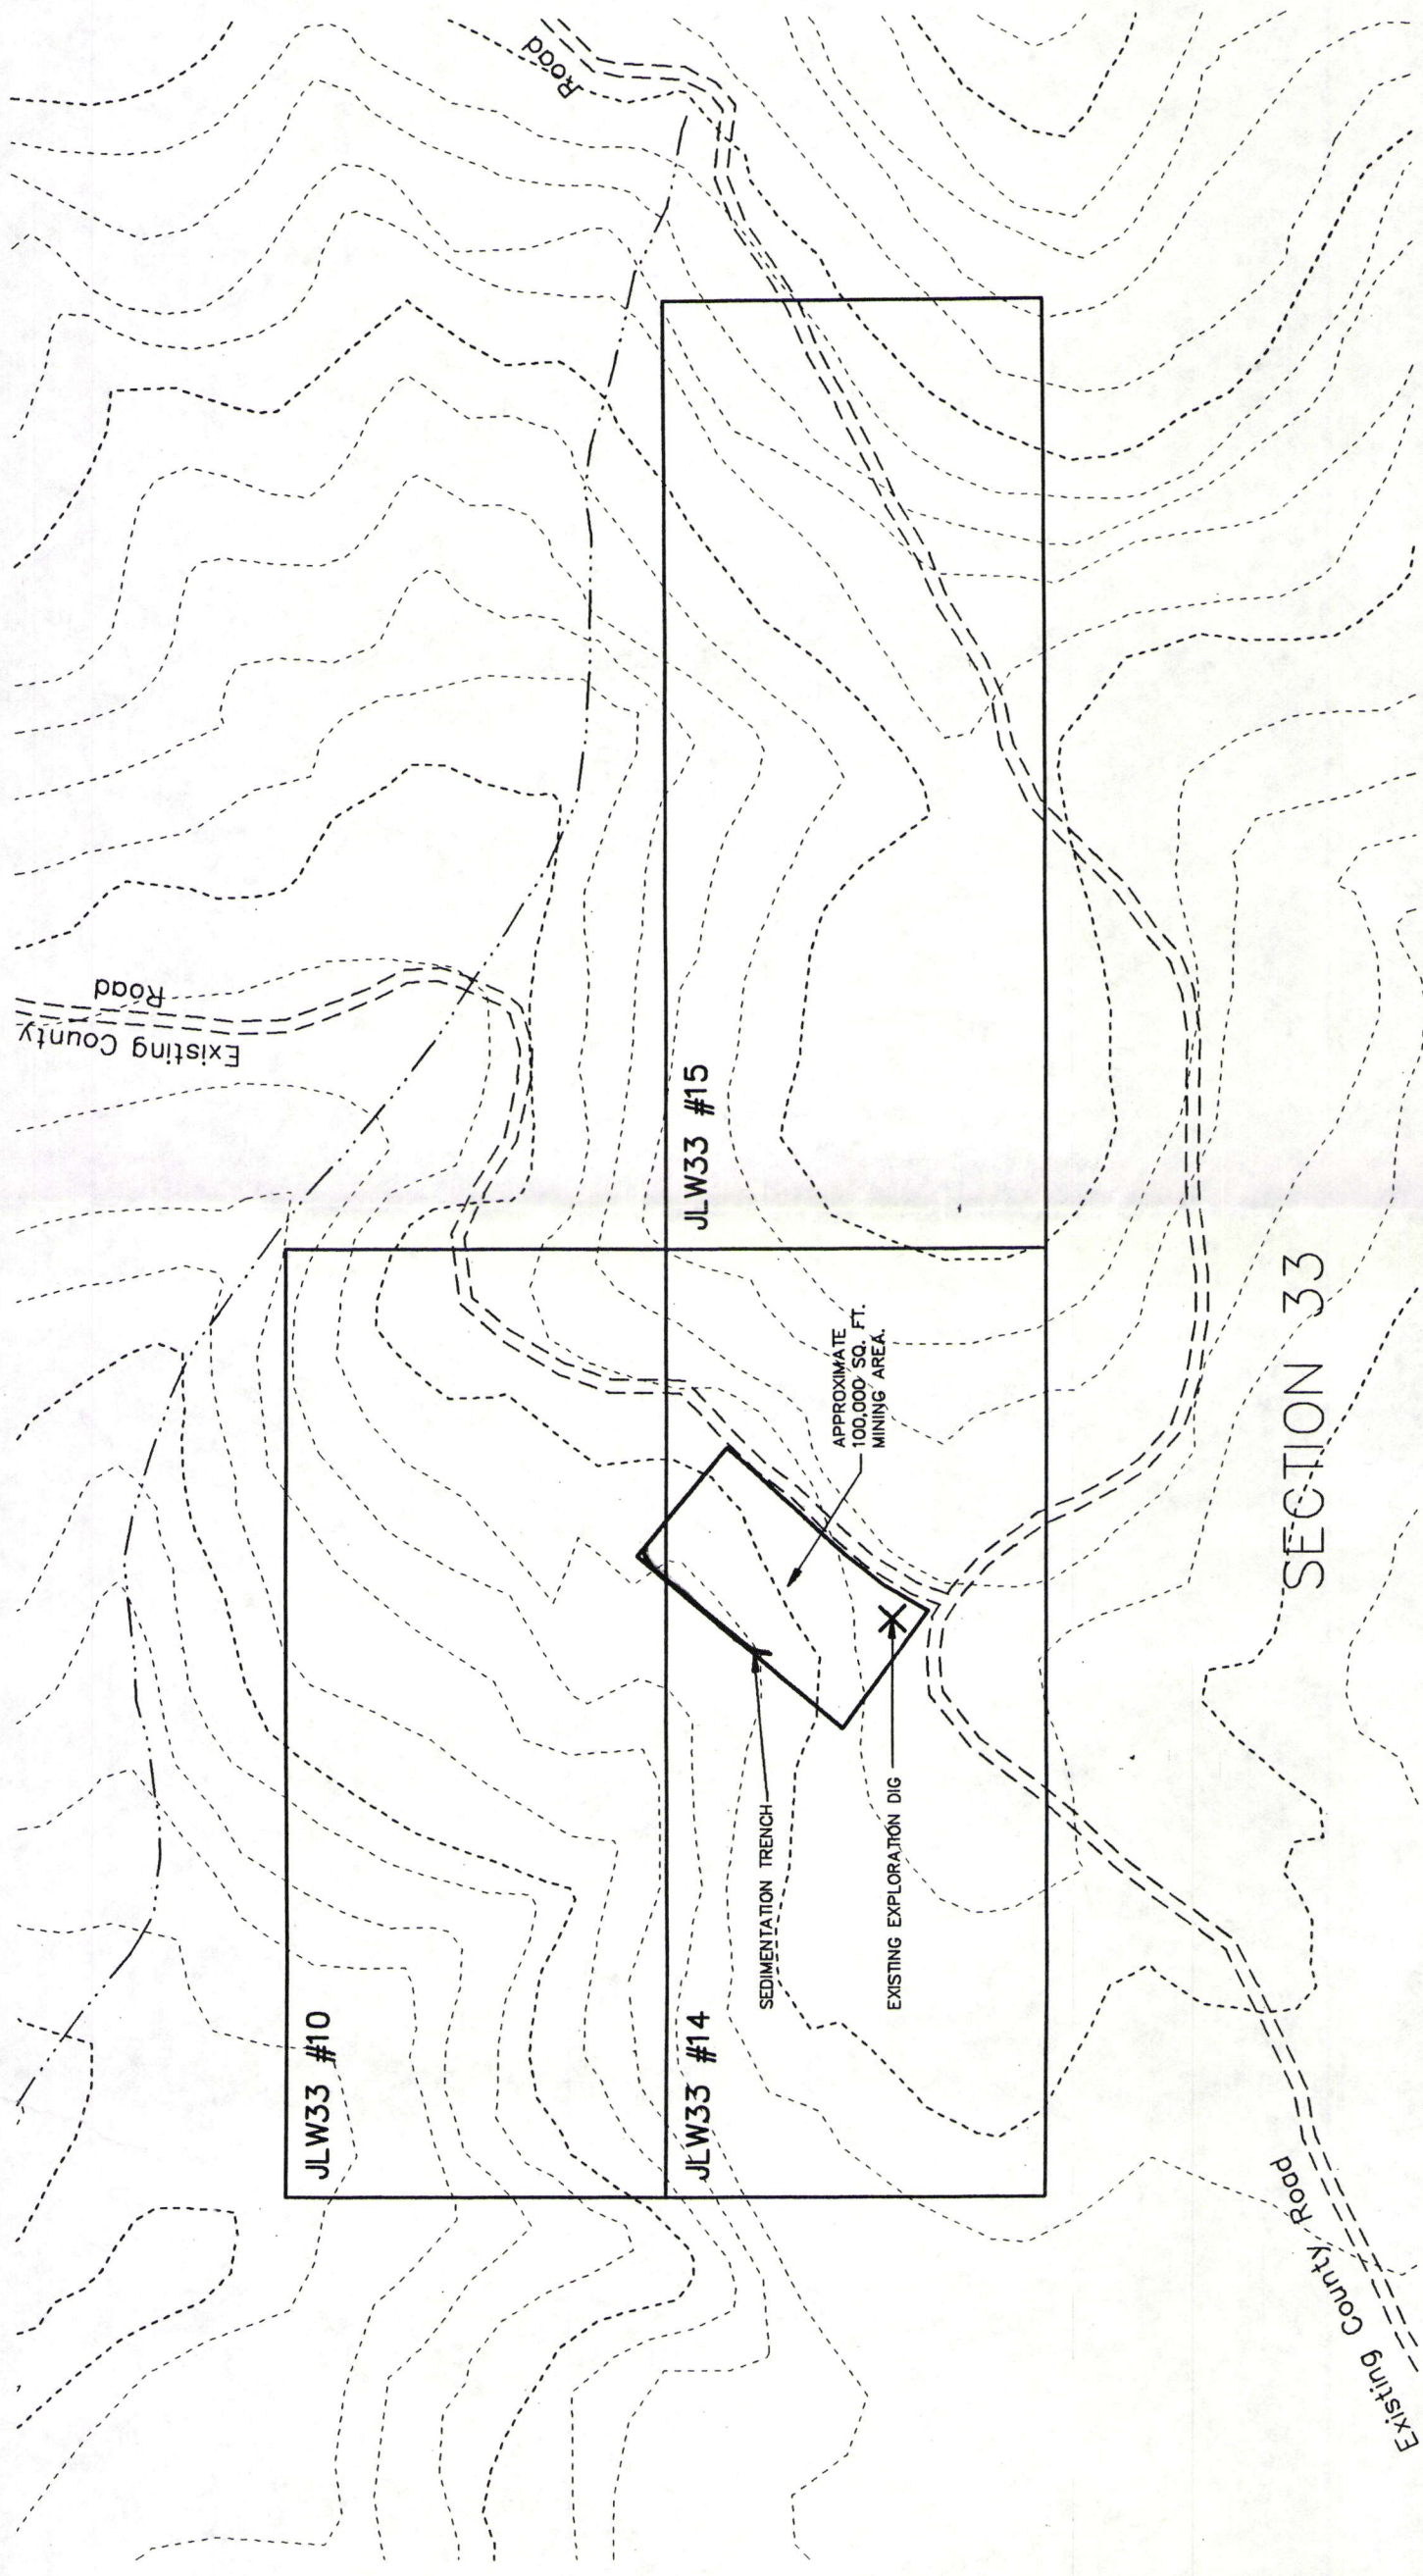

Attached sheet for Notice or Plan of Operations

Proposed Operations:

1. No road construction. Mining will not affect existing roads. Operator will excavate to existing road at appropriate slope to insure road stability.
2. No Drilling.
3. Sedimentation control trench will be constructed down gradient from surface disturbance.
4. Exploration by rubber tire front end loader with backhoe.
5. Mining will be surface mining using rubber tire front end loader with backhoe to load dump trucks for removal from site via county roads.
6. No waste disposal, no tailings, no on site processing and top soil to be stockpiled for reclamation.
7. Equipment to be used:  
    Rubber tire loader with backhoe & dump truck
8. No explosives to be used.
9. See map for existing disturbances.
10. There are no existing structures or facilities.
11. Proposed disturbance will be approximately 2.5 acres.
12. No forested areas will be disturbed.
13. Work will start during early 1994, weather permitting.
